VISION ACCELERATORS

FOR THE ACCELERATED EXPANSION
OF OUR GOD GIVEN VISION

ELIM CHRISTIAN CENTRE

STEVE AND BECKS GREEN

Elim Christian Centre exists to be a centre of hope, to reach, serve and influence communities.

Over the past 40 years we have seen the faithfulness of God go far beyond anything we could have imagined. One church has become seven campuses, one school has become three Elim Christian Colleges, and many thousands of lives have been impacted throughout the years. The lasting influence of Elim is now seen throughout New Zealand and around the world. There is a great sense of momentum and expectation for what God is leading us into.

The leadership of Elim Christian Centre has a desire to see the acceleration of our God-given vision in the season ahead. Steve and Becks as the Senior Pastors of Elim Christian Centre and have both grown from the ministry, leadership, and programs that Elim has provided. Both got saved at Elim, were disciplined here, and given leadership development opportunities. So for both of them, they have been deeply connected and stirred by what God has been doing at Elim over its 40 year journey.

For our senior leaders, our oversight board, and our church leadership team, there's no plan-B and there's no second guessing what God has called us to. The story of Elim Christian Centre has the fingerprints of God all over it. The provision, breakthrough, miracles, and blessings we've seen is undeniable. This has built in us a strong unwavering faith that the expansive vision that God has given us is ours for the taking.

We're invited to join with our Pastors and leaders in believing that our greatest days are ahead. Our vision is big but our God is bigger, and we're right behind this team as they lead us into the next season that God has for us.

WHY ACCELERATE?

We believe that God has called us to advance his Kingdom in our generation.

What God has done so far through the story of Elim is nothing short of miraculous and he isn't finished yet. We have a vision that urges us to look beyond what He is currently doing throughout our churches, schools, and leadership college. This expansive vision requires team, people, expertise, capabilities, and resources and we've often seen that God brings this provision through people who love him and live a life of submission to his call.

We believe that our church is filled with people that carry a desire in their heart to see this happen, some of which carry the spiritual gift of giving. Our commitment is to create a clear and focused pathway to release people with this gift to be mobilised to make a difference in this way.

Our vision is bold and it requires bold action. Vision Accelerators will enable the church to take bold steps sooner, resource better, respond to needs quicker, and step into our vision with greater clarity and purpose. God has given us the vision and the call to respond is simple, let's accelerate this vision.

Church

First and foremost, we are a church and the local church is the heart of all we do. God is doing an amazing work and we want to continue to see more people come to know God, find freedom, discover their purpose, and make a difference. Our vision is for 12 church campuses around Auckland and Northland with 18,000 members. These aren't just large churches but strong, healthy churches that represent the diverse cultural and generational makeup of our communities.

Our church should have an impact on our communities in a way that can't be ignored. With this ongoing growth we see it vital to be a church that is developing and growing the next generation of leaders, pastors, preachers, missionaries, and church planters. By 2040 we want to see 2000 leaders developed and released into Christian ministry.

Education

God has called us into the space of Christian education. We believe we can make a powerful impact on our nation as we shape the lives of students through quality education with a central Christian character interwoven into everything we provide. Through Elim Education, we have a vision to see 10,000 students enrolled within Elim Christian College across all our sites. This will require us to develop existing school sites and explore many more future education opportunities.

We have land in Drury and Pukekohe already for future development but there are many more spaces and places we can expand into. The opportunity to preach Jesus, teach from our Christian worldview and grow world class education is an open door we cannot miss. It's an opportunity that God has graced us for and it has become a core ministry for us. We have large wait lists, strong demand, and a real possibility to shape a generation.

Missions

The great commission calls us to take the gospel to the nations of the world. A key part of our vision at Elim Christian Centre is to impact the world through targeted missions particularly in the Asia / Pacific region. Our vision is to build missions around 4 key areas – Church planting, education, leadership / pastoral development, and rescuing people out of slavery. Within these 4 areas we desire to see 10,000 lives directly impacted annually by targeted overseas missions.

We'll continue working closely with trusted overseas partners and releasing our people onto the mission field.

Community

A significant church should have a significant impact within its local community. All of our campuses are situated in different areas with different people and needs. Our desire is to be a church that blesses and transforms our community by meeting real needs as they present themselves

To do this effectively, we take action to mobilise our church to advance the gospel and serve others in a way that blesses those in our communities and cities. Could we be a people who shine the light and love of God to those beyond our church walls? Our vision is to see 18,000 non-Elim community members impacted annually via targeted ministries and projects.

Kingdom

God has blessed us as a church. We have had over 40 years of growth, provision, and breakthrough, and although God is doing something special at Elim, we believe that this needs to go far beyond us. Our vision is to be a church that resources, replicates, and gives away what we carry so that the wider kingdom could be blessed.

Our goal is to be able to build a fund and put aside 1% of all our annual giving for kingdom investment projects. We can do this through resourcing, support, prayer, leaders training, and helping other churches to break through. We have a call to not just grow our church but to bless and strengthen the kingdom.

Accelerate Projects

New Mt Albert Classroom

We have an exciting opportunity to add an additional prefab classroom at our Mt Albert school site that will not only make room for 35 students to receive a Christ-centered education, but it will also allow us to provide a wider range of subject options. This project extends our reach into the community, raises up the next generation of Christ-followers, but also expands and broadens the quality and scope of our educational offering. We're looking to have this new classroom complete and operational before the end of 2026. Without this classroom, we remain restricted on the growth of Elim Christian College so accelerating this project will be a meaningful step forward towards the vision God has given us.

Cost	\$ 350,000
Timeframe	Complete and operational for term 4, 2026
Impact	35 more students and expanded subject options

New Mt Albert Toilet Block

With the ongoing expansion of our Mt Albert school campus, key facilities and amenities need to be added to accommodate the growth and to ensure we are offering the best experience possible to our students and staff. We are needing to add a pre-fab toilet block that will not only provide amenities for current students but will also provide flexibility and opportunity for future growth. Accelerating this project positions us for further roll increases that move our Mt Albert campus from a small expression of what we offer, to a premium option for those looking for a quality school in the area.

Cost	\$ 220,000
Timeframe	Complete and operational for term 4, 2026
Impact	Development of our Mt Albert school site + amenity to accommodate future growth

Elim Christian College Mt Albert

Accelerate Giving

Whether you're in a position to set up automated regular giving, or you'd prefer to give in set quantities at various times, we'd be honoured to work with you to accelerate towards the vision God has given us. We invite you to prayerfully consider the amount that God would have you sow into the future of our church, and the ways in which it practically works best for you.

We invite you to consider this giving as 'above and beyond' what you faithfully give to your local campus as a way to bring faster acceleration than we might have been able to achieve without it. For that reason, we request that you set up giving towards our Vision Accelerators fund as a separate transaction so that we can clearly identify the purpose for this specific giving.

By sowing into our Vision Accelerators fund, together we make room for more people to know God, more students to get a quality Christ-centred education, more leaders developed and released through Elim Leadership College, and ultimately more people and families transformed by God at work in their lives.

We're committed to building something that honours God and has generational impact and we're honoured that you're responding to the call to use what you have to help accelerate the vision. May God receive all the glory!

Weekly Commitment	Annual Commitment	Number of People	Total Giving
\$ 1000	\$ 52,000	3	\$ 156,000
\$400	\$20,800	10	\$208,000
\$200	\$10,400	20	\$208,000
\$100	\$5,200	20	\$104,000
\$50	\$2,600	30	\$78,000
\$10	\$520	50	\$26,000
